Journal of Behavioral Decision Making
J. Behav. Dec. Making, **21**: 623 (2008)

Volume 21 Author Index

Akalis, S. A., 378
Andrea Zangerl, M., 457

Bechara, A., 211
Bereby-Meyer, Y., 15
Betsch, C., 532
Biedert, E., 457
Bleicher, A., 1
Blinder, D. S., 414
Bonini, N., 169
Bröder, A., 183

Cahan, S., 297
Campbell, W. K., 113
Chang, C.-C., 59
Chater, N., 556
Connolly, T., 111
Critcher, C. R., 241

Delquié, P., 91
Desmeules, R., 211
Dubé, L., 211
Dunegan, K., 491

Erev, I., 575
Ert, E., 575

Fennema, M. G., 225

Gilovich, T., 241
Goodie, A. S., 113
Graffeo, M., 169
Grosskopf, B., 15
Guo, T., 399

Haisley, E., 283
Hau, R., 493
Hayes, B. K., 317
Hertwig, R., 457, 493
Holyoak, K. J., 1
Hsu, L.-C., 151

Ji, L.-J., 399
Jones, B. A., 29
Juslin, P., 449

Kanner, M. D., 621
Kiefer, J., 493
Korhonen, P., 45
Koutstaal, W., 253
Krawczyk, D. C., 1
Kunz, J. J., 532
Kvidera, S., 253

Journal of Behavioral Decision Making
J. Behav. Dec. Making, **21**: 624 (2008)

Volume 21 Keyword Index

accessibility, 241
adaptive learning, 15
affect, 45
affective vs. cognitive attitude, 532
anchoring, 337
asymmetric information, 15
attitude formation, 378
attitudes, 45
attribute–balance, 59

basic anchoring, 241
bonus, 139

calibration, 253
category learning, 471
category-bound thinking, 169
choices and opportunities, 519
cognitive and affect heuristics, 77
cognitive bias, 337, 428
cognitive illusions, 457
cognitive style, 532
compatibility, 59
comprehensiveness, 598
compromise, 59
confidence calibration, 428
confidence judgments, 253
conjunction fallacy, 471
constraint satisfaction, 1
constructed preferences, 1
contrast effect, 169
counterfactual thinking, 139
creative thinking, 337
culture, 399

decision from experience, 493
decision heuristics, 91
decision making, 1, 211, 253, 283
decision support systems, 45
decision-making, 183, 337
decisional conflict, 1
decisions, 399
delay discounting, 29
dictator game, 151
direct manipulation, 556
discounting, 29
discrimination, 253

ecological validity, 297
education, 457
equiprobability, 414
exemplar cuing, 317
expected utility violations, 91
explorative sampler, 575

fairness, 151
financial decision making, 556
fixed alternatives, 414
focalism, 352
focusing bias, 556
framing effects, 556
frequency format, 317

gambling, 113, 283, 378
Georgia Gambling Task, 113

heuristics, 493
hyperbolic discounting, 29

IAT, 378
imaginability, 317
implicit associations, 378
inaction inertia, 139, 519
incidental anchoring, 241
independence of events, 414
individual differences, 211, 532
intertemporal choice, 352
intuition, 532
intuitive prediction, 297
investment risk, 556
Iowa Gambling Task, 113, 211

joint and separate evaluation, 519
joint evaluation, 169
justification, 225

lay theories of change, 399
learning, 575
least-squares normative prediction, 297
loss aversion, 337, 378
lotteries, 283

magnitude estimation, 29
memory, 183
mental budgeting, 225
Monty Hall, 532
multiple criteria decision making, 45
multiple options, 519
myopic loss aversion, 575

narcissism, 113
negotiation, 337
noncompensatory strategies, 183
numeric priming, 241

optimal stopping, 352
optimism/pessimism, 45
option characteristic, 59
option value, 91
over/underconfidence, 253
overconfidence, 113, 428

performance, 598
person–situation fit, 532
post-test performance estimate PTPE, 253
poverty, 283
presidential election, 77
probabilistic reasoning, 457
probability discounting, 29
probability judgment, 317, 428
procrastination, 139
prospect theory, 575
public action, 169
public choice, 77
public goods, 151

randomness, 414
rationality, 297
recognition heuristic, 183
referent problem, 169
reflection effect, 575
regret, 1
regulatory fit, 532
representative sample, 457
representativeness heuristic, 297, 471
response error, 428
risk taking, 283
risk-taking, 113
risky choice, 493

sampling, 493
saving, 556
scope insensitivity, 211
sequential game, 151
sequential search, 352
social comparison, 283
social discounting, 29
stock prices, 399
strategic decision-making, 598
strategy selection, 532
subjective probability, 471
subjective valuation, 211
sunk costs, 225

task avoidance, 139
time and decision making, 1
turbulence, 598

value of information, 91
variance in feedback, 15
voting decision, 77

willingness to pay, 169
willingness to support, 169
winner's curse, 15
